DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 14-19 and 22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 14, 17 and 22, incorrectly depend on two claims, making claims 14, 17 and 22 indefinite.

Claim 17 recites the limitation "the defect detection sensitivity data" in line 2. There is insufficient antecedent basis for this limitation in the claim. Claim 14 from where claim 17 depends upon claims first and second defect detection sensitivity data, this makes claim indefinite. Also, claims 18-19 depend upon claim 17 and therefore are rejected.

3. The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.
